

I'm Dan Soder and I'm Big Jacobson , and welcome to the Bonfire podcast . You can hear our full show every day on Sirius XM . Go to Sirius XM dot com slash bonfire for a special offer . And now the bonfire with big jokers in dance odor . What did you think ? I would do at this moment . When you stand in before , dumbass , you do . You . What do you how you would do the song ? The end of this song are see what they hear from . I said , wow , if I could just hold what a jerk off he sounds like , they got back up . It seems like Peter Barnes and something some guy I forget Billy Vera , really . They're like the fucking scooters , because Petey Barnes . Oh my god , that's so funny . If you're a guy to back round , it goes , Whoa . You're a jerk off . I used to do that . I used to do that to fuck with Rachel Feinstein , which was on stage . Yeah , I would sit . I would sit . I would do it at Gotham because Gotham was like so big with high ceilings . I'd sit way in the back and I'd wait for you , do a joke , and I'd wait for the laughter , die out . And then I would just go , Oh , the back of the room . The guy who dig is the funny . Well , it's it's so stupid . It's so fucking shit . I got to start doing that to get to people . I'm going to row with Sal this week and I'm going to do it . The South , from the way you're going out with them this weekend for a couple of shows , they're going to do it . I understand yelling , Yeah . You know , I mean , all that shit . But like wooing something as a guy is just so funny . Yes . New will evolve them . And he's doing it , he's doing it just for those , because that's a live version of this . I mean , I think the only virgin , that's the old version . Yeah . And he was doing it for the studio . Yeah . Yeah , yeah . You hear the background . It's Billy motherfucking Viera . What a weird thing like to get famous from a live recording of a song that nobody knew , right ? Just they just used it . That family ties , man . It's skyrocketed as back with TV meant something . Jesus Christ , you could be the lead on a series for six years now , not sell tickets . What the fuck it means nothing anymore . There's so many . Well now because regular people at home are famous because they're like , Watch me , cook in my panties . God damn it . I know . Well , if you're saying of them for the same reasons , me , the cooking , the I , that's mine . You can't have it . I trademarked a trademark trademark , legal , trademark cooking and panties for J . It's legal trademark . Jacob , have you already pulled it off since you've been home ? No , I just really just got in . I just got the . I'd be the first fire went live . It's a bomb , did you not ? Did you not beat it at your mom's Jacob ? It's kind of difficult there . Oh , what ? Feels weird ? She's bringing your sandwiches every 10 minutes ? Well , no . This saw the souls of the salt , the souls of the ever great Everglades . Lost children reside in the dolls , in the room , in Jacob's Room . Yeah , she's going to say Woodstock with your job , Jacob the glass . I hear about it . You freak me out . The murder children of the bog . Can you just take him out of the room ? My mom added , Jesus , I did , I did Dustin in the room . I would stay and I made her take it out . I was like , Get rid of this , like staring at me all night . It's weird . And was it was like when you said , you've really let me down . Yeah , it was a crucifixion . Just like crown of thorns , like you told me years ago , like Vicky had told me years ago , he finds all of that , even the violent ones coming . That's how Italian he is . I can't think of a full bust of Jesus . I mean , it sounds bigger than it was . It was . It was probably like this this big , but it would sit on top of this like shelf , these shelves in the guest room and it would just stare down at me . I wasn't even doing anything , you know , like I was just like , You got to get this out of here . Like , it's freaking the world . I would turn it around in the room . I see the room . I stay in my mom's house . It's a full sized statue of Jesus , but he's dunking like Jordan . He's doing the jump , I suppose . That's I got there , but I thought you were serious for a second . It is a joke , but it is nice to know and you're not far off to think to my family's garbage enough to possibly have that . That was why it was a good joke . I was like , Yeah , that makes sense that I doubt up , Joe , by the way . I'm pretty sure that was around that time . Me and Joe broke girls back to my mom's house when we were staying there one night and walked by the living room . We the walk two girls through my mom's living room that had an Allen Iverson poster tacked on it on the wall . They've clasped up their game , though . There's a big old cabinet there with pictures and all kinds of stuff . Wait a second , though , the post was your mom's . That wasn't Joe's . I thought it was Joe's . No , Joe really didn't give a fuck about Iverson that much . He was a hater . Always Joe . He would just hate home team shit to be a dick . But my mom know my mom was super into Iverson . Really good , you know ? Yeah , do you could mean is he was the man ? I'm not doubting that . I'm just I just always assumed that was your step dad's poster . Now it's wild that it was your mom . No . If my dad is my stepdad had posters up , it would be of brutish Lee , gigantic muscular dudes . Like , that's all right . That's more his thing . No , he was like a weightlifter , so he that's what you think it's like . We always had those magazines . It looked like if you were a gay friend of mine coming over my bathroom , you could have tugged off hard . All my stepfather had , there was magazines of dudes and thongs . Yeah , I remember your stepdad would come out of the garage drenched after like benching , like for 50 to get out and smoke half a pack of American spirits . Now , Newport sued Newports . Oh , that's right . That's right . We would smoke American spirits , and he would tell us how they were actually worse for you . That was . That's what it was . You not actually worse for you . Dr. Jeff , you know , it's funny . I called Joe before the show today , my stepfather and smartest person I know . And I was calling him because I got a full blood panel . But the doctors the other day , listen to this . This was a scary moment for me today . I answered my phone from a number I didn't know , and it was like , Hey , now I got a full blood panel . Ask for cancer screenings . All this shit . Oh yeah . Our doctor , by the way . Same guy . Our guy . Yes . Yeah . I just have a plan with taps . And so they call me up and they ask . They go . They said they go out , they come and go , you have your blood panel back , but they're on speakerphone , so I can't really hear them well . And the girls like blood panel back some low , 400 low and I can't hear what she's saying and she's like , I'm like , Hello . I finally get it to sound better . I go , What's low ? She's like four hundred and thirty . I go , But what does that mean ? She's like , It's low on the low end of normal . I go off , What am I dying ? She goes , No testosterone . I forgot . The guy told me that if I wanted to test for my testosterone levels and he said , If you're if you're on the low end of normal , I might be able to get some fucking some testosterone boost , buddy . Who that was . And I go , Oh , OK , I go , What about the rest ? All the cancer stuff ? She goes , Nothing but testosterone . What's it going to do ? Oh , it's going to make my dick so hard all the time . You'll see that . Yeah , I mean , it's perverse . He did a full blood panel on me . He called me , Yeah , she the nurse called me first , and then he called me a second time and I was like , Oh , Jesus Christ , he's calling to be like , We made a mistake . Yeah , he was just like , and he was just like , I don't know what you're worried about your great health . And I was like , Did you test the blood ? Did you get gas ? Did you just fucking put this in the garbage and charge my insurance money ? Now you're going to do it . What's that thing that says blood trash can over there and there was blood dump ? What is that ? Well , yeah . Well , I'm glad you're healthy . Yeah , I'm healthy , but I would be yoked . You're going to see me . I'm going to fucking there's a strong chance in the next year . If I get testosterone boost , I'm going to punch a hole through Christine . You'll see Latimer style wolfing out . Hang on , I'm often out . You should have Justin come on to talk to you about testosterone . I'm pretty sure that's like a thing . He's done that . Like , he'll talk to you like an expert about like nobody's going to do in such a just anyway . I got to say that for a car ride , I'm not putting people on the show through that . No , you got to see your hair growth is going to be lush . It's going to be thick , it's going to be the way you want it . Now I know the way you want your hair , just as the confident judgment will

literally say to you , Don't go to your doctor for that , dude . I'll tell you what come to my place . I'll inject you in my kitchen . You know , like , I don't think that's a good idea , Justin . Dude , stop worrying . It's fine . I would like Justin . Do me , I like Justin . Do me like that . Even if it's injectables I got to take , I would absolutely let Justin jab my ass . You're going to start punching TVs on the road , dude . That's a you're going to start doing . Yeah , that's what I'm looking for . I'm looking to get a little more aggressive is spoiling for a fight . I don't think of it . I don't think I've been aggressive enough lately . I'm going to get a little more fucking aggressive . I'm going to get it right . So you were surprisingly for that , for the brand of comedy that you enjoy and the type of YouTube video that you enjoy most . You are surprisingly , though , arguably the least aggressive man I know . I'm like , I'm definitely not aggressive , just like starting off , ever . No , I , you know , you got your limit as we all do , right ? But you know , like , I could be aggressively defensive . I'm not a you're offensive . You're also often you're often the first one to talk shit , but you're often the last one to talk shit . You'll ride for somebody for a while . It'll take a lot of us to be like , J . God damn it . He sucks . And finally , you'll be like , All right , he's , you know , like , you're you're an interesting guy that way . It's very interesting . Thank you . I'll take the compliment . You're welcome . We were talking . Yesterday , a little bit me and then I was showing him Tommy to smooth clips , and I was showing him doing Feliciano Fernandez when you could see his dick through his pants , always . And it's like a far away shot of Tommy performing and you can still see his dick just knocking around . I was carrying around a fucking turkey leg . Everything is huge . It's such a big penis . It was such a big penis , Jacob , you're right . But I was thinking about the difficulty of being a character comic and in your head shots to 17 pictures on it . Of all of all the names and also Tommy's characters . A lot of them are for like a long time ago and he made him . So it's always like that , you know what I mean ? Like the name , because this is my Hispanic character , La Cucaracha Martinez . And it's like , this is a Chinese character , cheeky John , the cheeky Chang Pho Fong , that god damn Tommy . Holy shit . I mean , it's got a profile is dick . That's insane . It's I don't know how I never noticed this at the at the laugh house before . Really like his dick ball , Jimmy . I mean , it was it was hypnotic every week , week after week . How did I never notice this ? Those pants only came out for Feliciano Fernandez , that wig was most of the characters . Well , that's like every time Marlon Wayans does does a hit movie where he plays like eight people , one of them is always like the funny face sibling , usually me , where it's like , Look , this is the character , you know , you're like , I guess it's a character . I don't know . It's not the job not to jump , but I completely know how . I've haven't talked about this all week . But the other day , did anybody else watch the live in front of a studio audience , facts of life and different strokes ? Thing they did . I always saw the different strokes , what I always saw . The strokes form with curve , and it was like , What the fuck are they doing ? What ? Who's asking for this dude ? It was so entertaining . The first two times I did not see it . I did not see this new one . But the first two times they did this . It was in the height of the of the like that it was in in the wake of George Floyd stuff . OK . And it was like it was like , We're going to recreate these Norman Fell or Norman Lear scripts from the 70s that were challenging then and are still relevant today regarding race , and we're going to cast it realistically . And we're going to do this message at the beginning about like the laughter helps us heal and all that stuff . And it's like , it made sense . Now it's we're just going to do any sitcoms that existed , and we're not even going to cast it realistically . We have Kevin and Damon Wayans playing 12 year old boys . It was fucking great . It's chaos . What are they doing ? It was ? First of all , to introduce the different strokes one Todd Bridges had to come out because everyone else is dead . The entire cast is dead . So for you to come out , he goes , I think I speak for the late Conrad Bain , the late Mrs. Garrett , Charlotte Rae , the late Gary Coleman and the late Dana Plato . When I say I'm so excited to be here to watch this alone . The only drudge up terrible memories . Snoop Dogg came out and played a character . It was what the fuck was it ? He's the molestation episode of different strokes . A man that now there , that would have been balls , and I would have said that they should start recreating the very special episodes . That's what they should do . Yeah . Very specials . Yeah . Oh , dude . Dudley , by the way , Oral gets out . Dudley gets touched up and then stays a character on the show . Gordon jump Gordon jump as the molester . Mr. Carlson , the greatest character actor in sitcom history , is by every character . It was just him fixing like him , nervous fixing his tie and his collar . He's that guy is so funny . Like , he's don't care . So the Seinfeld , they drop him in as George's boss , and he's just doing that the whole time . And it's like , like , it's it's hilarious . I don't even know what I'm laughing at , but it's hilarious . Just his whole demeanor . Yeah , dude . It was w creepy . That was it . He always plays that kind of guy . Maybe they should do like this . Three next special episodes . I don't understand . I don't know what episode they did affects a life . If we could find that out , Christine , but the one they did of different strokes was so bad . It's just what was the plot . Because because it is just the jokes are still . It was , I think , the first episode . I think it was . Willis didn't want to share a room with Arnold anymore because he's older and he was going to start developing pictures in the . In the bathroom or something , and then Arnold walked in and ruined his pictures and Christine's smile , You look like you're taking over the world . Jesus Christ . Domination . Oh shit , dude , you're going to see that . Yeah , it's I guess the commentary or the reason we're doing different shows is it's still sort of a racial commentary because it's the white guy adopting the black kid , but they don't have any racial commentary from the thing . It's just Willis wants his own room . And then so he stays his friend's house in Harlem for a night and then comes home in the middle of the night because he missed Arnold . Arnold missed him . It wasn't Jesus . The jokes are nothing , but the jokes are our children's jokes for like a cartoon , you know , basically a sitcom for families and kids more or less . And it's just I don't get what the point of it was at all the facts of life one . I didn't see it . I heard it was bad . They had Mindy Cohn . They dragged out Mindy Cohn . I mean , did Judy show up to these backgrounds back there ? Okay , all right . Oh , I . I'll tell you when your mind blown . I'll tell you you have your mind blown is yeah . Blair looks like she's only five years older than she was , but she looks . She is not that she age or got good surgery and aged . Well , she looks the same . I don't think think it's surgery at all . She doesn't look any different . She looks identical . Look at that . The dam's full screen prompt , isn't it ? Yeah , 2-D and Blair look great , I mean , not to shoot on Mindy Cohn , but yeah . 2D , 2d . Kim Fields plays the wife on the up offshores , the Mike Epps and Wanda Sykes show . And she's hot and she's still hot . Oh , Kim , God almighty , that's wild , man . You're right . Blair looks like like . That's wild . Joe didn't show the same facially . No , Nancy McKeon , she Nancy McKeon , but man , Mindy Cohn couldn't wait to be there . Mindy Cohn looks like somebody grabbed their cheeks and put their foot on the back of her head and pulled back . Oh yeah . You got a facelift . Oh , she's had a lot of work or so . Maybe Blair's just looking great , comparatively . But now Bill Blair looks unchanged unless you've got really good work done , \$282 . I think just she just aged amazingly , I think , you know , I think she loves to being called to restore people . Yes . Hey , Terry . Hey , remember you were Tootie . Hey , you remember you two ? Who's that ? Is Mrs. Garrett , who played Mrs. Garrett ? I still have no idea . And Dowd ? Who means nothing to me ? Oh , she's great . From what ? Who is she ? She's phenomenal in The Handmaid's Tale . Yeah , okay . I mean , tremendous . By the way , Kevin Hart , 42 , and 61 year old Damon Wayans , who played Willis Christ , what the fuck ? How big of a laugh did it get when Kevin's finally said , What are you talking about , Willis ? It exploded . It was the most anticlimactic place to put it . I was going to say if somebody was born did say that it is . I do see the Kevin Gary Coleman

parallel . No , I guess it did not make it did not make sense to me , and he did . Five . I mean , memorize a share of it . I mean , Kev had tons of lines and it was live . But I just don't get what it was like . Are you doing a favor for somebody ? It's like it's literally just celebrities jerking off now . Like , Look at celebrities having a good time . It's like that old like cars and stuff . We're like six celebrities would come out together and all laugh . And you know , and you're like , You guys look like you're having fun and you think it's because they're off camera . It's such a level of darkness that they're willing to be like comball on stuff because like my thing with dad to be like , I don't want to go be in a play of different strokes unless we're really making fun of it . Like we're making it like ridiculous , right ? But if you're not making it , if you just going to read the script in like the only thing you add in is like Snoop Dogg says some loose thing about pot . You know what I mean is like the only thing like now , man , it's like , I don't get why you're doing it doesn't look cool . It certainly was it was not entertaining I wanted as I watched it , because when I started not to be entertained , like I got to see where it ends , what are they going to say to when this is over is it's like a big bow or is factions with prime ? Norman Lear is not factual or is is . I think it is . Yeah . Oh , he is . And he's different strokes too . Jesus Christ , man . Yeah , yeah , we still . You think they would have done like one day at a time about the family , you know , struggling with money or doing other good times , you know , do a road network to do more and more tackled all kinds of crazy social issues that are still relevant today . You know , like Bea Arthur didn't Bea Arthur didn't work for 10 years because they had an episode where Maude got an abortion and it was so frowned upon that Bea Arthur , like they didn't want Bea Arthur for the Golden Girls because they were like , she's going to turn too many people up after that Maude incident set up for sale . Yeah , it's wild . There's an episode of Maude where her husband , Roe vs. Wade , everybody . That's my Bea Arthur . Also , my gay guy . I have very few options , but they cover a lot . Yeah , there's an episode of Maude where her husband struggling with alcoholism and he gets drunk and he hits her . That's some heavy shit on Mad Men . Why would you not do more ? Do more ? Don't . Don't forget that . Yeah , somebody do . Mrs. Bunker getting almost raped . Did you think that was a crazy scene ? Yeah . You know , first of all , in one of the most unrealistic things of all time is like , Hey , I'm a young guy , you're raped . This old lady is you throw the hot water on him or something . Yeah . I'm not saying that doesn't happen in the world . It was just it was so out of nowhere . Like what ? Yeah , this guy . This guy wants a hot piece of Edith Edith . I have the all in the family box set , and it's it's I still find it to be a wowing show . It's a it's it's incredible . It's really when they went through the hard , hard , yeah , they didn't have any real heart at all . Yes . What was it was a comic that he was sitting across from , and they just kept until they got to the N-
word , one of the guys like that where they just keep saying names to each other and . That's Chevy Chase and Richard Pryor on SNL . Oh yeah , the word association . That was weird . Yeah , yeah . It holds up . Weird , still . Yeah . It's funny . Yeah , honky or honky ? Yeah . Yeah . Now that's that's SNL . Chevy Chase and Richard Pryor . I mean , it's so weird that it's such it's it's , you know , this is like it's been said ad nauseum . I'm not making any revelations here , but like , it's just so weird to me every day . Still , that like you could do more and edgier stuff 40 years ago . Then you could like it's it's so odd . It's usually the opposite . No , but other . No , but here's the thing , but the like , the underbelly , the like , the outcast stuff is much more aggressive now . It's true . You know , I mean , I got to go it is like there's a what do you call like the black market for ? It's not the black markets available stuff , but like just the counterculture , I guess of it . Is like , you know , goes much further , like , I think like comedy does go further now than it ever has . It's just dirt . Where is it where it's just on NBC ? It's dialed back 300 percent from 40 years ago . That's the weird part . That's the weird part to me that it's the mainstream at one point was edgier than it is . I remember seeing an interview with Bob Hope and Dick Dick Cavett interviewed Bob Hope in the 70s , and Bob Hope was like . He was like back when I did radio , they banned a script because we use the word jerk . Can you believe that ? And I was like , Wow , man , like times change . And now it's made me so upset I had to go slap a woman . Yeah , I'm going to have a cognac and hit a lady in the face . I heard the new eps of unfortunately of it's always sunny or much tamer , or the episode was about them actively making a decision for that . But like I thought , they did it very funny . And I don't know . I haven't smoked the episodes . I thought the first two episodes were funny . I'm going to watch the new two tonight . That Roller Rink one is getting bashed . Everybody saying it's it's awful , but like just because it's not , they're just saying it's not funny , though the roller rink . But I think that was know . I think that was I think it was one of yesterday's , but the first two ones made me laugh . Oh yeah . All right . Well , I'm excited . I'm excited to see them . But even curb . I mean , watching Curb every Sunday , it's it's still edgy , but it's like it's nowhere near what it was . You know , like , it's it's way tame down from what it was because I went back and started . Dude , I went back and was watching like the first two seasons and like the shit he's doing , dude , where he's like , he's like when he calls the guy can't get the card game repeatedly and like the one where I don't want to say it , but he's but he's like , there's there's an episode where he just flat out . It's like season four . And he's like , It's like when black people say he just says it and everybody's like Larry . And he's like , What ? What ? I'm like , they would never do that now . They would never make that joke now . It's just because people know that there's movement from the negativity of it more than just going like , this isn't my thing . I'm not going to watch the show or something like that . Everyone's got to know it's like I me . Delores Wainwright is upset and I live in Peoria . Yeah , yeah . Well , yeah , like even like when when Michael , when they did the Seinfeld reunion season and Michael Richards came on and J.B. Smoove dresses up like the Muslim because he wants Michael Richards to think that he's a doctor . Michael Richard , like when Michael Richards answers the door , he's like , Oh , come on , man . It was three years ago I said I was sorry . Like , like , that's a fucking wildly ballsy joke . Like , I don't think they would do that now . You know , I just don't think they would go that far . No , I don't think so , either . They seem to be so those shows seem to be so protected in their own fan bases so that they can still get away with . You know , more than always somebody's coming up , right ? Yeah , they can , they can , but they'll be helped , but they'll be held to much more scrutiny now because somebody goes like , Oh , if I start writing a letter , I can get . Always sunny like my my memory will change something . They might get cancelled because of the things I say of how offensive they were . Like , you just you just fed people that can do that when they're not really . That offended is the thing , like they're just happy to be upset about something and feeling alive , I guess . There's got to be an addiction like a genuine mental addiction to that like . It's amazing when you're when you're a victim , people really rally behind you . It's something just people , always you the way these people treat me just hurts , is what I'm saying . And like , you know , I wish people wouldn't say , mean things about me . You don't deserve sponsors . So I was going to sit here . And I mean , like , that's the thing . Like , like a show like curb or it's or sunny . It's still edgy in comparison . I mean , because the non edgy stuff has become so milquetoast , it's crazy . So it's still edgy . But like even A.P. Bio , like the first season of that , it was . It was , it was Glenn Howerton . It was literally Glenn Howerton doing Dennis Reynolds as a teacher , right ? Like . It was it was it's always it was the same exact kind of humor and then by the half of the second season , it's like , Oh no , you like becomes more likable . And now , you know , and it's like , it's still edgy , but it's not what it was four years ago , you know , like , you know , but whatever . I'm not complaining . I'm just stating things

different , Jacob . You probably couldn't even buy a bunch of swastika bound books anymore . You probably couldn't find that anywhere . Not in this one . No , not in this liberal America . Jacob , your thoughts are liberal fucking town . You pieces a shit , ever . I was trying to say before I mentioned Tommy to smooth . Have you ever seen a character comic that you've been like ? That's great . That's a great one . Let me let me think . You weren't the person who said , you like that ? Oh , no , Josh Adams was saying he liked the one where the . The girl dressed like the guy with a mustache and . Ultimately pulled her tits , and she's yeah , I know who started it . She's great , she's . I'm blanking on her name . If we're talking to the same person , she's great . I don't know if we're talking about the same person , though . But she does like what she did . An after school show is a she does a whole show as a character . Yes , the guy . Yeah , she like she goes on stage with her tits fully out and she draws chest hair on herself . Yeah . Yeah , I think she's funny . I'm blanking on her name . What ? Yeah , but that's not also , I don't consider that a character comic . I consider that like a one person show person character comic to me is like , you're doing , you're doing five characters or forty five minutes , you know what I mean ? And you're and you're and you're probably called the something of many faces . Yeah , exactly that to me . I feel like I never really see that in standup clubs at all . Like , that's all . Well , and I just it's dying . It's a dying art a bit . But like now know it occurred . I was in clubs . I just feel like I didn't see it like ever like all of that , whoever is talented in that was like pushed over to improv . Odenkirk was great at it . Odenkirk was great at it in the 90s , but he wouldn't come out and be like , This is my character that does X , Y and Z . He would just be he would like the bit in . It's of itself was him to being this character , and then he would just come out of it and do a different bit where he was doing a career , a different character . Yeah , you know what I mean ? Did he nice to you did at least swipe his hand down his face and back up ? So , you know , it was between two characters that , by the way , I apologize that I called him Odenkirk . Like , we hang out every day . You know , rules about Odenkirk . I call my boy , Oh , my boy owed a dude . And you are . Oh , you're four . Was that your first football game you went to last weekend ? Now in life . No , no , no . I've been I've been to no , no , I went to a couple of Eagles games as a kid . And then last week was the first one I've been to in years , and I went because a liquor sponsor that we work with or liquor rep that we work with . The bar was sponsoring a tailgate . And he's a friend of ours . And so we went and it was free food and free booze . And I proceeded to get so drunk at the tailgate , I slept through the whole game . But wow , hot . Damn shit , dude . You watched the only possible resurgence of the Eagles season . They worry . You snort right through . Yes . It was like they were down and out . Do they have to win every game from here on out ? And that was the first of the ones they have to win . The Cowboys are running away with the division getting . We got there at 11:30 and my one year just out , we didn't go in at the start of the game . We went in probably about an hour late the fourth , but like we were , I was hanging out at the bar the night before bit and I was like When I got up on Sunday , I was like , I don't want to do this , I don't want to do that . So I really hit the ground running as soon as I got to the tailgate . This guy , Tommy handed me a cup and he started pouring whiskey into it . And I literally the first thing I said , I go , Put me in coach like you , you're back in this game or I'm not going to make it through today . And I went after it a little too hard , but I didn't sleep during the game was like , you know , I woke up to them winning and it was it . God damn it . We didn't have great seats , if that makes you feel better . It was they were fine , you know , it wasn't like I wasted like a box or something . I didn't like that . It's not . That is , if you buy it and go , I just had a feeling I was going to be more of it was about the tailgate and not about the game at all also . So it was just like when everyone would've been like , we're all hanging out outside would've been the asshole walking in just me and Christine walking in and it was just like , You know what ? They had , dude at the tailgate . You know , they were cooking on a flat top grill broth outside at fucking taylor . Ham and cheese is dude , what's that ? Pork rolls . They're cooking pork roll . I'm not a fan of pork roll . Now , fuck you . OK . It's pretty gross . Look , I know it's not great . I just saw you get excited that it was like a silly thing . Now I know exactly what roll roll . Bring it up . You're the person who brings it up . Don't ask questions . Just look , oh guys , corporal egg and cheese . It's the best thing ever . Oh , black glue . They were cooking these things right there on today to order baby made to order . Oh . They had ribs . The food was really good , actually , as pork rolling a rind on it , on the outside . No , no , no . We split hairs here . This one's a rind . So bad . It's like fried baloney a little . Yeah , you like it a little bit . Yeah , it's a jersey thing we all love , Lou . Do you like it ? You piece of shit ? Yes , yes , I do . Oh , it's like , Fuck you , it's like thick salami . Like ham . It tastes like teens , all tastes . It's good , Evans , you would like it and you cook it with like a bit of brown sugar , it's sweet . It's almost like a glazed ham kind of vibe . It's good . Sounds good . It is . It's good , it's good , it's probably too fatty for J . Thank you . Yeah , I get it . You know , I get it , by the way , meats . By the way , Lewicki , when I called you . Well , that's what I was on and I said , You look like Eddie Furlong after it all went to shit . So somebody messaged me and they were like , Dude , you finally put my finger on it . I could never figure out what it was . I get it all the time . I get it all the time . All the campuses , shit . Like , Yeah , really shit , right ? Yeah . Now we both kind of look exactly age exactly the same , too . So we still have got news industry . You look better than Eddie Furlong at this point . You really do . And we do something fun . Here is a group . Everybody go down on the resume . This is going to be fun to do . Everybody in front of the zoo go to the little arrow . Next stop VIDEO . Click on that vote here . Go to your video settings , and there's a thing that says in the video , it says , Touch up my appearance . Let's all see how as great as we could possibly look , I'd say mine's about a third of the way there now and I'm cranking it . And let's see , mine's cranked to 100 percent . Oh , look , it kind of puffs you out , right ? Like smooth . Yeah , I don't know . We have to see Where'd you go , Lou ? What happened to turn you into a goblin ? Did it show your true form ? Did you do it ? Where's the setting in settings ? In video settings under the video tab , it all the way is smaller , you cracked yours all the way up . Yeah , this lighting that we have going on here is really making me feel horrible about myself because you're a pink person . So what ? Who cares ? Just the worst . I look just because you look like a slacker baby . Ask , you're the color of slapped baby ass . Hey , Christy , you smacked ass . Smack dab is a good way . You should bring that back . That's right , they should be brought back . Those guys acting like a real smack . This is smack dance . Dingell Barry needs to come back . I mean , I don't know why we're not calling each other Dingell Barry all the time . It's a great one . Numbnuts , huge fan of numbnuts . Numbnuts is a great one . Yeah , Lou , would you do it ? I can't do it . I'm on a phone . OK . Never mind . This bit sucks , Dick , now it's just it just turns the light up . But is it terrifying , though , that everything you put your face on virtually ? You can . I mean , if you're on Instagram now , it's like , I can't remember the last time I saw like and I'm not picking on women , but like a female's profile that is not riddled with like these crazy filters that look like plastic surgery . And yeah , it looks like it's crazy , man . All my pictures I use are all my pictures . I use a beaver teeth filter . Some always adorable .
